

Dragon Scales

Abjuration

Level: 6

Range: Touch

Components: V, S, M

Casting Time: 1 rd.

Duration: 1 turn/level

Area of Effect: 1 creature

Saving Throw: None

This spell causes the body of the recipient to become completely covered with dragon scales, effectively raising the subject's Armor Class by 2 for the duration of the spell; this modification is in addition to the subject's normal Armor Class (for instance, if the subject's AC is 6, dragon scales raises it to 4). Dragon scales also temporarily reduces the subject's Charisma by 2 points.

The color of the dragon scales is the same as that of the scale used as the spell's material component; however, the color has no other effect on the spell.

The material component of a spell is a scale from any dragon.

Notes: Rare spell.
